Mystery surrounds the finding of a
dismembered human body near the

exports of the finding of the leg of a
man in Black river were received.
Sheriff Jackson and deputies hurried
to the scene in an automobile.

After some search they found on the
bank of Black river, the most conclusive
wroof that this was the scene of the
crime. A great pool of blood was discovered at the roots of a tree high
up on the bank of the river and further
evidence traced the parties to the bank
of the river where the body had been
thrown into the water.

After dragging the river at this place
for a few minutes, hey found the
body both legs having been cut off
and both arms cut off and the torse
also cut in two.

Further Liberal Liquidation Brings Sharp Break in Corn Oats Recedes With Leader

CHICAGO, April 19.—Continued liquidation sales by holders led to fresh declines today in the corn market. Liberal receipts here did much to stimulate hearlan sentiment. Opening prices which ranged from 15,584 lower, with July 11,529,53 and September 1,599,69, were followed by a slight additional sag in some cases.

Flocds of automatic stop-loss orders, which were brought into play by the break, caused radical additions to the dowlithms in the market and the acute weakness was increased by notice that the government lad stopped buying the bulk of export flour and might import foreign whest. The corn market closed semidemoralized, 5%c to 11%c net lower, with July \$1,235, to \$1,54% and September 3,531 to \$1,51%.

Oats receded with corn, After opening '9.91%c down with July 79% 671e, the market underwent a moderate further setback.

Provisions were lower with grain and logs.
